

## Manning Lighting Job Description

### Assembler

Build something beautiful!

Build a career, and some beautiful lighting, with us! At Manning Lighting you'll combine your skills and creativity to create truly exceptional lighting products that enhance the way our customers live, work, and worship.

As an Assembler you will wire and assemble all components to make the finished light fixtures. What you work on will change every day—from state-of-the-art LED fixtures for a modern office to ornate gothic pendants for a historic cathedral, and everything in between.

Manning Lighting is large enough to be considered among the leaders in the decorative lighting industry, yet small enough to have a friendly team-based environment where your work can truly make an impact. We're old enough to offer stability backed by a 70+ year reputation of great work, yet young enough to offer an exciting, fast-paced atmosphere.

Job Duties include:

- Review CAD drawings, Bills of Material and parts to ensure accuracy.
- Assemble and wire parts according to print instructions.
- Work with Engineering department to solve design / assembly issues.
- Must understand wiring principles and label specifications.
- Look for improvements in work center to increase accuracy and job throughput.
- 

This Position Requires:

- Ability to read and understand 2D and 3D CAD information.
- Ability to work on a variety of hand tools such as screwdrivers, punches, pop rivet gun, wire strippers, drill, etc.
- Ability to work independently or on a team depending on order requirements.
- Responsible for housekeeping in work area, keeping work bench and immediate area clean, walkways clear, racks and storage areas orderly.
- Ability to work in a safe manner so as not to injure oneself or others.
- Ability to identify problems.

**Pay Range:** Per Union contract.
